

I am writing to object to Sinclair Broadcast group's misuse of the airwaves to disseminate a libelous slanderous and biased piece of propaganda, 'Stolen Honor'. I am sick and tired of yellow journalism.

I will boycott any advertiser's products that decide to stay with Sinclair. I will write letters of thanks for all those who had the courage and integrity to drop Sinclair.

The airwaves are full of distorted views coated as 'fair and unbiased reporting' and it is a lie. The coercion and deceit that is broadcast to millions of people through this conglomerate is a travesty of the First Amendment.

You, the FCC, must wake up and begin to act by your charter. We pay you and we expect more fairness, more truth, more balance and less bias, less propaganda.
